Earn up to **15 hours** of continuing education credit.

Diverse Roster of Speakers!

We have assembled a dynamic roster of sleep medicine professionals to expand your knowledge and skills to treat the overwhelming number of individuals that suffer from sleep disorders.

Your Host: James E. Metz, DDS is a 1973 graduate of The Ohio State University College of Dentistry. He maintains a restorative dental practice with an emphasis on dental sleep medicine and reconstructive dentistry, both of which are being utilized, along with the surgical orthodontics (Surgically Facilitated Orthodontic Treatment). The goal of which is to address the major health issues of the today, Hypertension and Type II Diabetes, to help restore and maintain the health of the individual. Metz is the founder and current chair for the Dental Interest Group of the American Thoracic Society.

The Metz Center for Sleep Dentistry | phone: 614-252-4444 | email: Education@themetzcenter.com | www.themetzcenter.com

Be at the Right Place at the Right Time to Serve an Untapped Market!

According to a newly released report entitled The U.S. Sleep Market, the time is right and there are plenty of opportunities to expand dental sleep medicine practices to provide treatment, services and value in the sleep medicine community. This field has major potential, as more people, especially the obese, are diagnosed with obstructive sleep apnea.

Program Highlights:

- The Metz Center faculty speakers leading interactive and hands-on staff training modules
- Emphasis on technology including 3D imaging and radiographs, digital intraoral scanning technology, and 3D printing
- Emphasis on staff training - building on proven methods of success
- Introductory and Advanced learning tracks available for custom fit learning experience
- Creating unique relationships between the medical and dental communities

Staff Training Breakout Sessions:

1. The Basics: Anatomy and Physiology of Sleep
2. Screening for Obstructive Sleep Apnea in the Dental Practice
3. The Role of the Hygienist In Your Dental Sleep Medicine Practice
4. Treatment Coordination in Your Dental Sleep Medicine Practice
5. Hands-on Bite Registrations and Appliance Titration
6. Medical Billing and Reimbursement in Your Dental Sleep Medicine Practice
7. Understanding Sleep Studies and Communicating with Physicians
8. Marketing Your Dental Sleep Medicine Practice

Exhibitor Roster: *Even more value offered in October*

In an effort to present the most cutting edge tools, technology and products to build a successful sleep medicine practice, the following exhibitors* will be on-site to provide information, demonstrate their products and answer your questions. Take advantage of the knowledge these industry professionals can provide at the October 2018 Dental Sleep Medicine Continuum on October 19th & 20th!
